FIVE REASONS

选择易佳德的 TO CHOOSE YJD 五大理由

YJD MODULAR CONSTRUCTION 易佳德模块化建筑

Casting high-quality projects to build a better future!
铸精品工程共筑美好未来!

- Years of export experience
多年行业出口经验
- "Custom-Made", starting from customer needs
"量身定制", 从客户需求出发
- Set beautiful and practical as one
集美观与实力为一体
- Product standardization, strict selection of source materials,
greatly shorten the delivery date
产品标准化, 严选源材, 大大缩短交货日期
- Perfect customer service system
完善的客户服务体系

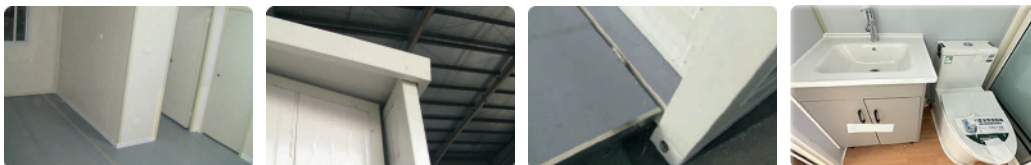

参数介绍 Parameter introduction

“一变三”：只需10分钟就能组装好的房子！
萧雅自主研发的“一变三”扩展式箱房不仅组装方便、可经常变换场地使用，而且可提供38㎡的使用面积，让移动居住也有大空间！

TIO--“Three in one”:The house can be assembled in just 10 minutes!
Xiaoya self-developed “TIO” is convenient to assemble,can be moved frequently,more importantly,it has using area up to 38 m², large space for mobile living!

局部展示 Part show

扩展房安装示意图 Expansion house installation diagram

本款扩展式箱房安装简便，只需五个步骤即可完成
Just 5 steps to complete a TIO installation

尺寸图 Dimensions

折叠后尺寸：长5900mm*宽2200mm*高2480mm

展开后尺寸：长5900mm*宽6320mm*高2480mm

一个40尺高柜可装运2套，极大地节约了运输费用。

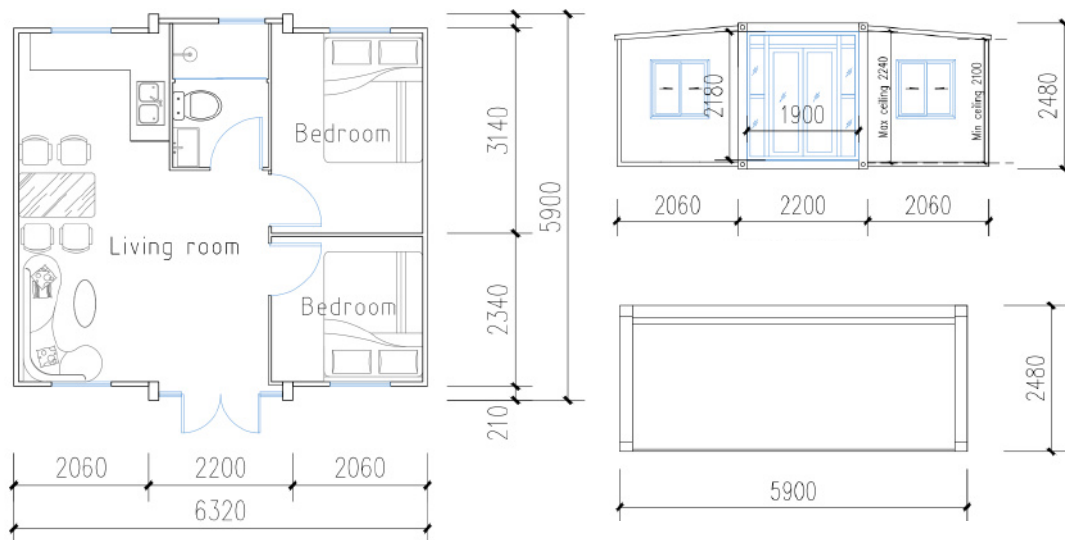

L5900mm*W2200mm*H2480mm (Folded size)

L5900mm*W6320mm*H2480mm (Expanded size)

One 40ft HC may load 2 sets TIO,thus transportation costs can be greatly reduced.

我们还可以根据客户的要求生产不同规格的扩展房。

We also provide customization according to your requirements.

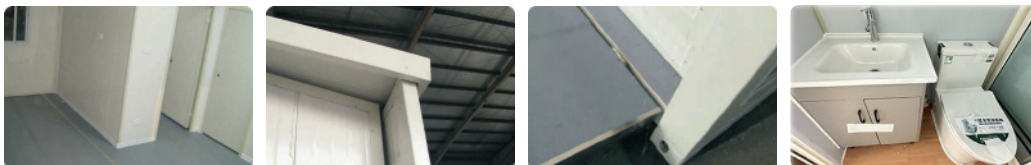

参数介绍 Parameter introduction

TIO 2.0是萧雅在一代TIO系列基础上发展而来的新型产品，继承了TIO系列--“移动居住大空间”的设计理念，结构精巧，重量减小，灵活性更强。

TIO 2.0 is a evolutionary upgrade of TIO series, inherited the "Large mobile living space" design philosophy of TIO series, possesses compact structure, reduced weight and greater flexibility.

Front view

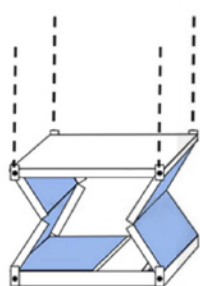

Rear view

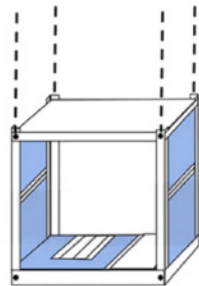

Side view

1. The cabinet is in a fully folded state.

2. Hang the hook into the upper lifting hole and lift it up steadily, and the box body will gradually unfold.

3. At this time, the frame around the box is fully unfolded, just lift the two front and back walls at the bottom and push it up. **(Be careful to remove the hook after all the cabinets are installed)**

折叠箱

Folding Container

集装箱房屋是以集装箱为基本模块，采用制造模式，在工厂完成各模块的结构建造和内部装修，并能按不同的用途和功能在工程现场快速组合成各种风格的房屋建筑。内部装修符合当地国家水、电、防火、隔音、保温、环保等所有规范要求。可满足客户对低中高端建筑的不同要求。房屋充分考虑到运输的可行性，可以用传统的运输方式完成海运和陆运。

Container houses are based on shipping containers, module structure construction and interior decoration are finished in the factory using manufacturing production. These modules can be fast assembled into houses with various styles according to different uses and functions on site. Interior decoration, in accordance with local national standards for water, electric, Fireproof, sound insulation, heat preservation, environmental protection and all other requirements.

折叠箱产品优势

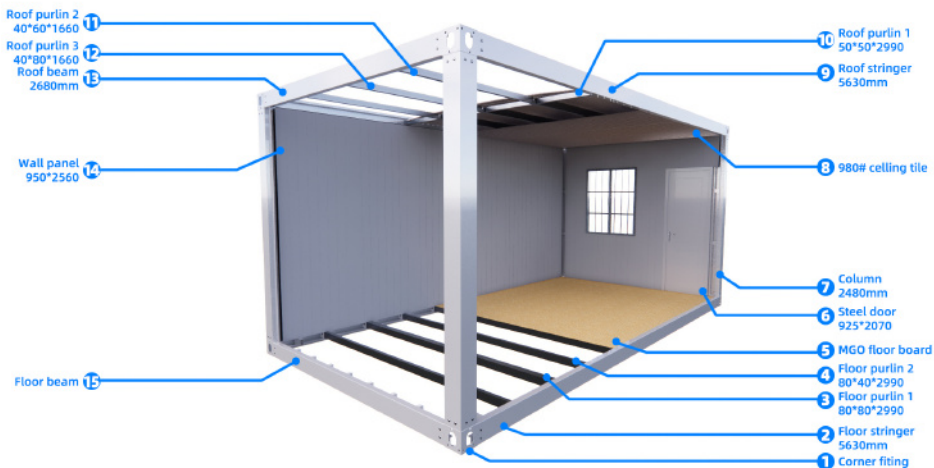

Folding container product advantages

集装箱房屋可以大量缩短建造时间，更具灵活性和移动性。比传统建造方式更安全、更安静、更环保，有效地保证了质量的稳定性和连续性。同时给建筑设计提供了更大的柔性。

Container houses can significantly shorten the construction period, more flexibility and mobility. Safer than traditional construction, quieter, more environmentally friendly and effective to ensure the stability and continuity of quality. Provides greater flexibility to the architectural design.
